## COMPANY

February 2022

## Double award – that can be no coincidence!

World market leader for the fifth time in a row and now also a “valuable employer”

- **This time, the workshop supplier MAHA was honored twice. “World Market Leader – Champion 2022” and “Valuable Employer – High Contribution to the Public Good”.**

**Haldenwang, 2<sup>nd</sup> February 2022.** For the annual evaluation of the world market leaders, economists from the University of St. Gallen, in cooperation with WirtschaftsWoche, Germany's leading business magazine, have, as in previous years, identified the trailblazers in the respective industries. Internationally active companies that stand out for their leading technologies and the superior quality of their products and services are evaluated. MAHA has now been ranked at the top in the field of workshop and automotive testing technology for the fifth time in a row – this shows convincingly that a great deal is being done right in the company.

### New award

For the second award, citizens across Germany were surveyed about the companies in their region. This is not about sales figures or profits, but about the local perception of a company and its value for the public good. Among the total of 2,130 companies scrutinised, the survey also highlighted MAHA as a valuable employer.

“We are very proud of both awards. Passion and innovative strength have brought us this far together with our employees. The result spurs us on even more to continue defending precisely this position of our company,” says Managing Director Stefan Fuchs.

**World market leader. Made in Germany. Made in Haldenwang. Made by MAHA.**

Both results were published by the official media partner WirtschaftsWoche at [wirtschaftswoche.de](http://wirtschaftswoche.de). The ranking of world market leaders was also printed in a special edition under the title “The 500 Hidden Champions – World Market Leaders 2022”.

# PRESS RELEASE COMPANY
